TRINER COMPUTING PARCEL POST SCALE
MODEL 550P

- MANUFACTURER: Triner Scale and Mfg. Co.
of Canada Ltd.,
150 Telson Road,
Markham, Ontario
- APPARATUS: Computing Parcel Post Scale,
Model 550P.
- RATING: Capacity, 50 pounds.
- APPLICATION: Parcel post weighing and the determination of
postal charges.
- DESCRIPTION: This scale is equipped with a pair of centre-
connected A-shaped load levers of pressed steel construction.
The platform suspension mechanism is parallel link type. Load
resistance is by means of a double pendulum assembly.

The indicator chart is fan type with scales
for weight and for several parcel post rate classifications.
The scale base and indicator housings are of sheet steel with
enamel finish. The load platform is of stainless steel.
- TESTING: The standard tests for postal scales shall apply.
- REFERENCE: GL 1153-57/T167-320
- CONDITIONS OF APPROVAL: Approval is granted under the Weights
and Measures Act. S.C. 1970-71-72, Chapter 36, and the Weights
and Measures Regulations P.C. 1974-1461 of June 27, 1974 for
use in Canada under the general conditions of the said
Regulations and under any special conditions listed above.
