DETECTO UNION COUNTER SCALES

Manufactured by: Detecto Scales Inc.
Brooklyn, New York
(for) Industrial Scale Co. Ltd.
Edmonton, Alberta

Apparatus: Counter Scales, Union Type

<u>Model No.</u>	<u>Beam Style</u>	<u>Load Scoop</u>
4450	Single bar	Tin
4460	Single bar	Brass
4470	Double bar	Tin
4480	Double bar	Brass

Capacity: All models, 300 pounds.

Application: The weighing of commodities in trade.

Description: This scale is equipped with two A-shaped load levers of cast construction. Weight indication is by means of a single or a double bar beam with poise(s), in conjunction with counterpoise weights.

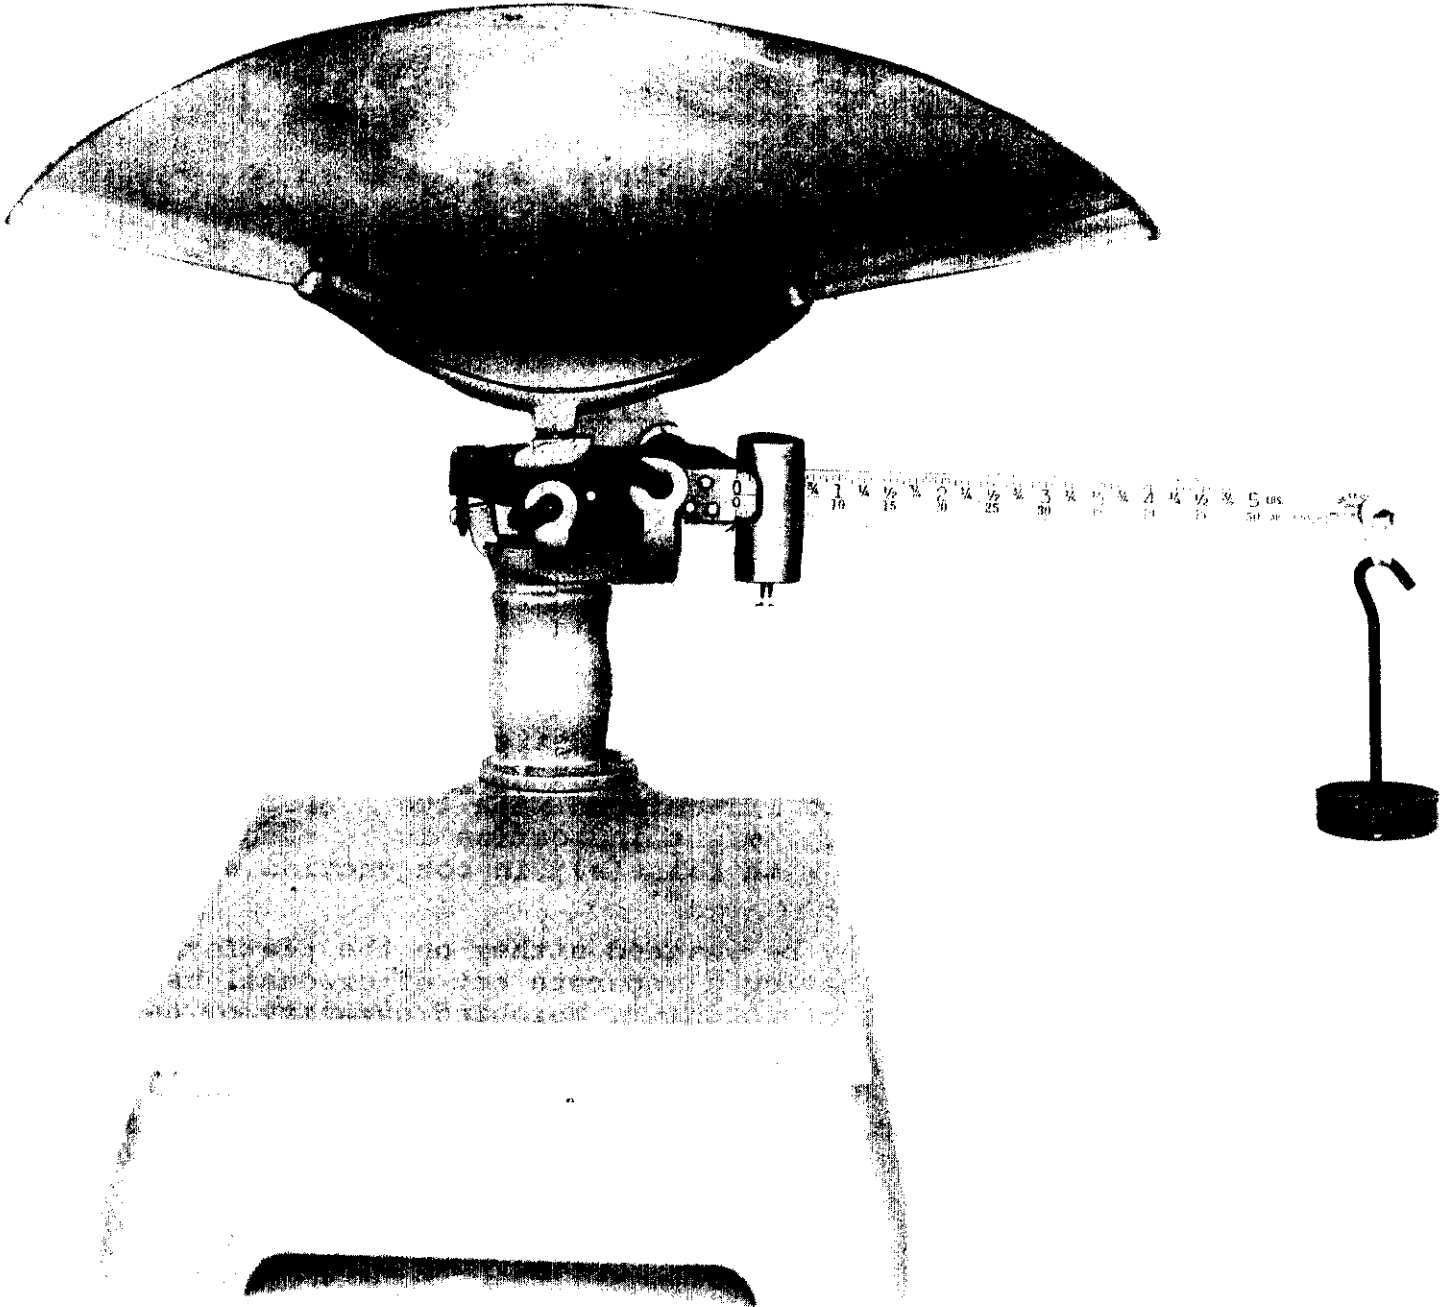

Goods may be weighed either on the platform or in the scoop, the beam having a separate set of graduations and numerals for each mode of weighing. Weighing capacity by use of the scoop is 30 pounds, being one-tenth of platform weighing capacity.

The scale base, support members, and platform are normally of cast iron. Alternatively, a fabricated steel base may be provided.
