OHAUS GRAIN TEST SCALE - MODEL 14M

Manufacturer: Ohaus Scale Corporation
Florham Park,
New Jersey,
U.S.A.

Apparatus: Grain Test Scale - Model 14M

Rating: Weighing capacity - 550 grams

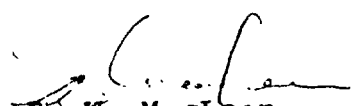

Application: Direct weighing of grain test samples
Determining moisture content in grain
Determining density of grain

Description: This is an unequal arm, single lever scale
equipped with two graduated beams and a plastic commodity
scoop.
This scale is identical with Ohaus Model
14A (S.WA-541), except that Model 14M is graduated in
metric units and has a commodity scoop which differs in
form and material from that used on the earlier model.

Testing: The standard tests for grain test scales
shall apply.

Reference: G6900-069-3

Conditions of Approval: Approval is granted under the
Weights and Measures Act. S.C. 1970-71-72, Chapter 36,
of June 27, 1974 for use in Canada under the general
conditions of the said Regulations, and under any special
conditions listed above.
