OHAUS GRAIN TEST SCALE - MODEL 724

- Manufacturer: Ohaus Scale Corporation  
Florham Park,  
New Jersey, U.S.A.
- Apparatus: Grain Test Scale - Model 724
- Rating: Weighing capacity - 610 grams
- Application: Direct weighing of grain test samples  
Determining moisture content of grain  
Determining density of grain
- Description: This scale is pan over beam type, utilizing a parallel link stabilizing mechanism. The scale is equipped with a magnetic damper.  
The beam is fitted with three poises and three graduated scales, enabling the scale to perform a number of grain testing functions.  
The scale frame and the beam are of cast aluminum construction. The load receiver is a plastic scoop.
- Testing: The standard tests for grain test scale shall apply.
- Reference: G6900-069-3
- Conditions of Approval: Approval is granted under the Weights and Measures Act, S.C. 1970-71-72, Chapter 36, and the Weights and Measures Regulations P.C. 1974-1461 of June 27, 1974 for use in Canada under the general conditions of the said Regulations, and under any special conditions listed above.
