BRITMAN BEAM SCALE - MODEL IT-5

MANUFACTURER: Britman Limited,
391 Marwood Drive,
Oshawa, Ontario

APPARATUS: Portable Beam Scale, Model IT-5.

RATING: Load capacity, 500 grams.

APPLICATION: The weighing of commodities in trade.

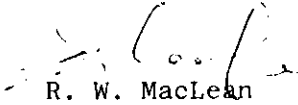

DESCRIPTION: This scale utilizes a full capacity notched beam,
graduated on both sides, and equipped with a dog type poise.

The scale structure and the beam are principally of formed sheet steel construction, assembled by means of spot welding and sheet metal screws. The poise is of stainless steel, with a hardened steel dog. The load platter is of stainless steel sheet with skirted edges.

TESTING: The standard tests for beam type counter scales shall apply.

REFERENCE: G 6900-B205

CONDITIONS OF APPROVAL: Approval is granted under the Weights and Measures Act, S. C. 1970-71-72, Chapter 36, and the Weights and Measures Regulations P.C. 1974-1461 of June 27, 1974 for use in Canada under the general conditions of the said Regulations, and under any special conditions listed above.
