- Accessories:
1. Models HP-8, HP-11 and HP-12 label printers - (See page 2 for details of features).
  2. Remote Indicator.

Variations: (1) Scale keyboard may be located external to scale but not more than 2 metres away.

(2) "Pre-set Tare" key may be removed and replaced by "Print" key.

(3) Scale indication may be provided by double-sided "Remote" indicator or by single sided remote indicator and conventional scale indicator.

(4) On models SL-31-15 and SL-32-6 the flat platter may be replaced by a "candy scoop".

(5) Some models include both a Preset (P) and a Tare (T) button. Pushing the Preset button increments tare by one minimum graduation each time it is pushed. The Tare button is used for "Push button" tare of an unknown tare.

Variations (Cont'd):

(6) On all models the tare may be cancelled prior to addition of a net weight by removing the tare weight and pushing the Tare button (for models using the combination preset/push button-Tare button the "0" key is pressed prior to pression Tare).

(7) Fractional Pricing ( $\frac{1}{4}$  and  $\frac{1}{2}$  pound and 100 gram) may be supplied on some models.

These models may not be used with the HP-11 Printer.

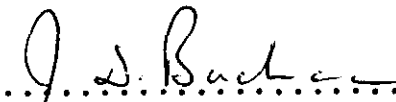

(8) "Preset Tare" key may be used by indexing in amount then the "p" (preset Tare) key will enter that amount as a tare.

(9) The model SL31 series may be used without the motion detector for the display. This modification is permitted only on those scales which are primarily used for weighing candies and nuts.

(10) Label Printer Features ("0" = equipped with feature, "X" = not equipped with feature).
