electronic indicator and accessories with which it is
compatible.

Load Cell: Bonded strain gauge type, tension loading.
Model 60001, Mfd. by Sentsortronics, Covina, Cal.

WESTERN (USA) - DORMANT PLATFORM SCALES

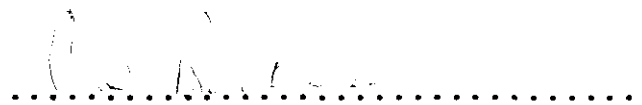

Device Description: This scale is equipped with two T-shaped load levers of welded steel construction. The levers are supported by parallel link suspension assemblies. Levers of the same dimensions are used for the complete model range.

Scales may be furnished for either floor mounting or pit installation, the semi-frame version being used in the latter application.

On scales having digital readout, the load cell is installed at the tip of the transverse lever and is subjected to tension loading.

File: G6922-W373

CONDITIONS OF APPROVAL: Approval is granted under the Weights and Measures Act., S.C. 1970-71-72, Chapter 36 and the Weights and Measures Regulations (C.1605) for use in Canada under the general conditions of the said Regulations and under any special conditions listed above.
