Dear Sir,

This is in response to your recent notification given in accordance with the Weights and Measures Regulations, Section 14, regarding devices approved under Notice of Approval AV-2242. It is noted that these devices are to be modified as follows:

- removal of the hose plug adaptor and the installation of a coaxial hose and nozzle and plumbing a vapour return line to the fuel storage tank.

I am advised by the Volume Metrology Laboratory that their evaluation of the proposed modifications indicates that they may be regarded as immaterial in relation to the approval provisions of the Act. Accordingly, your notification is acknowledged and the modifications are accepted as being included within the above-noted approval. All recipients of the approval notice are being informed by copy of this letter.

Yours truly,

W.R. Virtue, Chief  
Legal Metrology Laboratories
