SD-WA.21

STANDARDS DIVISION

OTTAWA, April 28, 1948.

MODIFICATION OF TYPE APPROVAL

The apparatus specified herein has been duly approved under the provisions of the appropriate Act, and may be admitted to verification in Canada.

Authority:- Weights and Measures Act, Chapter 212, R.S. 1927.

Ruling Body:- The Approvals Board, Standards Division.

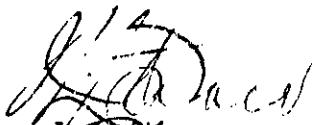

Apparatus Approved:- Models 70-F, 70-M, 876-DF and 876-DM Gasoline Pumps, manufactured by The Wayne Pump Company, Toronto, Ontario.

Rating of Apparatus:- 15 gallons per minute.

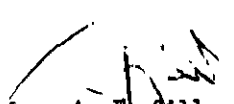

Application:- Retail gasoline trade.

The above models are slight variations, in external appearance only, of the standard Models 70 and 876-D, approved on SD-WA.8 and SD-WA.9 respectively. These variations involve a change in the number of advertising signs displayed; the standard model, as approved, included four sign panels, the suffix F attached indicates two signs, the suffix M indicates no signs.

These variations are immaterial changes, and models bearing these suffixes should be given precisely the same treatment as the standard models.
