OTTAWA, September 23, 1936.

TO DISTRICT INSPECTORS OF
ELECTRICITY AND GAS

Dear Sirs:

Referring to Circular N.R.C.90, dated August 8, 1936, in connection with the plate designation of Landis & Gyr, Inc. meters, approved for use in Canada, I beg to advise you that the letter "C" will be stamped after the type designation on the name-plate instead of before, as indicated in the above Circular. For example, a designation as ^{it}will appear will be Type CP4k/C.

Yours truly,

Director.
