

SD-EA.20

CANADA

DEPARTMENT OF TRADE AND COMMERCE
STANDARDS DIVISION

OTTAWA, May 23, 1950.
(Superseding Circular Letter SD-EC.65,
dated January 7, 1950)

NOTIFICATION OF TYPE APPROVAL

The apparatus specified and illustrated herein has been duly approved by the Standards Division under the provisions of The Electricity Inspection Act, Chapter 22, 1928, and may be admitted to verification in Canada.

Apparatus Approved: New Cyclometer Register, for use on all single-phase watthour meters of type "L-14" and later types, as well as on all polyphase watthour meters of type "D-6" and later types, manufactured by the Canadian General Electric Company, Limited, Toronto, Canada.

Rating of Apparatus: All approved ratings of the above-named types of meters.

Description: This cyclometer register will use the same back plate assembly as is being used on the clock type register, approved under Circular SD-EA.9, dated May 16, 1950 (superseding SD-EC.34 and 34a). The change is an immaterial one.
