S-EA. 527

OTTAWA... October 13, 1961.

TYPE APPROVALFERRANTI-PACKARD PLASTIC METER COVERS

The apparatus specified herein has been duly approved by the Standards Branch under the provisions of the Electricity Inspection Act, Chapter 94, R. S. 1952, and may be admitted to verification in Canada.

Apparatus Approved: Plastic Meter Covers for use on Ferranti-Packard single-phase socket-type watt-hour meters, distributed in Canada by Ferranti-Packard Electric Limited, St. Catharines, Ontario.

Description: This approval covers two types, one for the older style socket meters such as types "ALS" and "BLS" and having the tapped hole for the sealing screw right in the plastic cover, and the other for type "E2S" and similar meters. The covers are moulded of clear butyrate and are intended for use in locations where frequent breakage of glass covers occurs due to vandalism or other causes.
