Attention: Mr. D. Brennan

Dear Mr. Brennan

This is in response to your letter dated May 13, 1987, regarding Notices of Approval T-20, T-20-1, T-33, T-50, T-50-1, T-54, T-54-1, T-54-2, T-54-3, T-68, T-68-1 and T-81 and proposing to modify the current transformers, series K and MC approved therein by having the subject transformers, originally manufactured by I.T.E. Circuit Breaker (Canada) Ltd. and I.T.E. Industries Limited, manufactured instead by Polycast Industrial Products 489725 Ontario Inc., and tested at and by the BBC Brown Boveri Canada Inc. factory.

I am advised that, upon evaluation of the proposed modifications, the Electrical Laboratory has concluded that they may be regarded as insignificant in relation to the approval provisions of the Electricity and Gas Inspection Act. Accordingly, pursuant to the authority delegated to me under the said Act:

1. your letter is hereby acknowledged as satisfying the notification requirements of section 13, Part III of the Electricity and Gas Inspection Regulations, SOR/86-131, 16 January, 1986, and
2. the proposed alteration is hereby accepted, in accordance with the aforementioned section, as being an immaterial one and hence included within the approval.

All recipients of Notices of Approval under the Electricity and Gas Inspection Act are being informed of this decision by copy of this letter.

Yours truly,

*for.*   
W.R. Virtue
