Mr. Rod Soviak  
Centra Gas (Manitoba) Inc.  
444 St. Mary Avenue  
Winnipeg, Manitoba  
R3C 3T7

Dear Mr. Soviak,

This is in response to your recent notification given in accordance with the Electricity and Gas Inspection Regulations, Section 13. It is noted that the meters listed in the appendix hereto are to be fitted with plastic index covers.

• See attached Appendix

I am advised by the Gas Metrology Laboratory that their evaluation of the proposed modifications indicates that they may be regarded as immaterial in relation to the approval provisions of the Act. Accordingly, your notification is acknowledged and the modifications are accepted as being included within the above-noted approval. All recipients of the approval notice are being informed by copy of this letter.

Yours truly,

W.R. Virtue, Chief

Dear Mr. Honchar,

This is in response to your recent notification given in accordance with the Electricity and Gas Inspection Regulations, Section 13, regarding devices approved under Notices of Approval G-33 to G-33-15 inclusive and G-98 to G-98-10 inclusive. It is noted that these devices are to be modified as follows:

- The model designation "RCM" will not be used to specify metric meters. The units of measure on the nameplate will be used to identify the meters as Imperial or Metric.

I am advised by the Gas Laboratory that their evaluation of the proposed modifications indicates that they may be regarded as immaterial in relation to the approval provisions of the Act. Accordingly, your notification is acknowledged and the modifications are accepted as being included within the above-noted approval. All recipients of the approval notice are being informed by copy of this letter.

Yours truly,

H.L. Fraser, Chief  
Electricity and Gas

Monsieur,

Nous accusons réception de l'avis de modification que vous nous avez envoyé récemment conformément à l'article 13 du Règlement sur l'inspection de l'électricité et du gaz, au sujet des appareils approuvés en vertu des avis d'approbation G-33 à G-33-15 inclusivement, et G-98 à G-98-10 inclusivement. Il est à noter que ces appareils doivent être modifiés comme suit:

- La désignation du modèle "RCM" ne sera pas utilisée pour qualifier les compteurs métriques. Les unités de mesure paraissant sur la plaque signalétique serviront à déterminer si le compteur relève du système impérial ou métrique.

Après avoir étudié les modifications proposées, le Laboratoire de gaz me signale que ces modifications ne contreviennent en rien aux dispositions de la Loi. En conséquence, les modifications sont acceptées et intégrées de facto dans les avis d'approbation susmentionnés. Tous ceux qui ont reçu l'avis d'approbation sont avisés de cette décision par une copie de la présente lettre.

Je vous prie d'agréer mes salutations distinguées.

H.L. Fraser, Chef  
Électricité et gaz
