Attention: Mr. Fred Phillips

Dear Mr. Phillips:

This is in response to your letter dated August 26, 1987, regarding Notice of Approval G-187 dated September 22, 1986 and proposing to modify the Hexagram Remote Electronic Meter Reading System approved therein by replacing the piezo electric crystal in the Sensor Pulsing System with a reed switch actuated by a magnetic wheel. This latter system has been approved under E-225 dated July 6, 1987.

I am advised that, upon evaluation of the proposed modifications, the Gas Laboratory has concluded that they may be regarded as immaterial in relation to the approval provisions of the Electricity and Gas Inspection Act. Accordingly, pursuant to the authority delegated to me under the said Act:

1. your letter is hereby acknowledged as satisfying the notification requirements of section 13, Part III of the Electricity and Gas Inspection Regulations, SOR/86-131, 16 January, 1986, and
2. the proposed alteration is hereby accepted, in accordance with the aforementioned section, as being an immaterial one and hence included within the approval.

All recipients of Notices of Approval under the Electricity and Gas Inspection Act are being informed of this decision by copy of this letter.

Yours truly,

W.R. Virtue
Chief

Dear Mr. Phillips:

This is in response to your letter dated August 26, 1987, regarding Notice of Approval G-187 dated September 22, 1986 and proposing to modify the Hexagram Remote Electronic Meter Reading System approved therein by replacing the piezo electric crystal in the Sensor Pulsing System with a reed switch actuated by the meter's index foot. This latter system has been approved under E-225 dated July 6, 1987.

I am advised that, upon evaluation of the proposed modifications, the Gas Laboratory has concluded that they may be regarded as immaterial in relation to the approval provisions of the Electricity and Gas Inspection Act. Accordingly, pursuant to the authority delegated to me under the said Act:
