Dear Mr. Wilson,

This is in response to your recent notification given in accordance with the Electricity and Gas Inspection Regulations, Section 13, regarding devices approved under Notices of Approval SD-GA-89, SD-GA-122, G-23, G-125 and G-198. It is noted that these devices are to be modified as follows:

- Affixing of new die-cast hand hole cover with a cast receptacle to accommodate an encasement type seal.

I am advised by the Gas Metrology Laboratory that their evaluation of the proposed modifications indicates that they do not adversely affect the performance of the meter. Accordingly, your notification is acknowledged and the modifications are accepted as being included within the above-noted approval. All recipients of the approval notice are being informed by copy of this letter.

Yours truly,

H.L. Fraser, Chief
