Dear Mr. Knazko,

This is in response to your recent notification given in accordance with the Electricity and Gas Inspection Regulations, Section 13, regarding devices approved under Notices of Approval G-102 (2M, 3M, 5M, 7M, 11M meters), G-156 (1M meter) and G-203 (16M meter). It is noted that these devices are to be modified as follows:

1. Meters currently equipped with 1/4" NPT (Allen Head) oil fill plugs will, in future, be equipped with 7/16"-20 (Hex Head) plugs.
2. Meters currently equipped with 3/8" NPT (Allen Head) fill plugs will, in future, be equipped with 5/8"-18 (Hex Head) plugs.

I am advised by the Gas Metrology Laboratory that their evaluation of the proposed modifications indicates that they may be regarded as immaterial in relation to the approval provisions of the Act. Accordingly, your notification is acknowledged and the modifications are accepted as being included within the above-noted approval. All recipients of the approval notice are being informed by copy of this letter.

Yours truly,

W.R. Virtue, Chief
Legal Metrology Laboratories
