RE: Modification Approval letter dated 1990-08-15  
Project AP-GL-90-0013

Dear Mr. Comerford,

Subsequent to our telecon this morning, this letter serves to clarify the "status" of the AT attachment to the Mercor EC, approved under G-242.

The letter of 1990-08-15, in effect, grants permission to use the AT attachment with the Mercor EC until the expiry of the sealing moratorium i.e. 1992-05-01. When specifications for general approval-of-type of event/data loggers are finalized, only approved measurement/data logging systems will be allowed for use on approved metering devices.

Yours truly,

R. Drolet, Manager  
Gas Metrology Laboratory
