Dear Mr. Bell,

This is in response to your recent notification given in accordance with the Electricity and Gas Inspection Regulations, Section 13, regarding devices approved under Notice of Approval SD-GA-51, dated 1954-06-02. It is noted that these devices are to be modified as follows:

- Canadian Meter Co. "Dri Flo" recorders, used by Nova Corporation of Alberta, will have their C.M.C. mechanical linkage assemblies replaced by equivalent, compatible assemblies manufactured by the Bristol Company of Canada, Ltd.

I am advised by the Gas Metrology Laboratory that their evaluation of the proposed modifications indicates that they may be regarded as immaterial in relation to the approval provisions of the Act. Accordingly, your notification is acknowledged and the modifications are accepted as being included within the above-noted approval. All recipients of the approval notice are being informed by copy of this letter.

Yours truly,

W.R. Virtue, Chief  
Legal Metrology Laboratories
