STANDARDS DIVISION

SD-GA.150

OTTAWA, January 13, 1959.

MODIFICATION OF TYPE APPROVALROCKWELL POSITIVE DISPLACEMENT GAS METERS

The modification to the apparatus specified herein has been duly approved by the Standards Division under the provisions of the Gas Inspection Act, Chapter 129, R.S. 1952, and the modified apparatus may be admitted to verification in Canada.

Apparatus Modified: All previously-approved types of Positive Displacement Gas Meters, manufactured by the Rockwell Manufacturing Company of Canada, Ltd., Guelph, Ontario, which have a small drain hole in the under side of the index box.

Modification: Permission has been granted to allow an additional drain hole as near as possible to the right-hand corner of the under side of the index box. Circular SD-GA.106 of November 13, 1956 covered the drain hole in the left-hand corner of the index box.
