STANDARDS DIVISION

OTTAWA, April 26, 1948.

NOTIFICATION OF TYPE APPROVAL

The apparatus specified and illustrated herein has been duly approved under the provisions of the appropriate Act, and may be admitted to verification in Canada.

Authority:- Weights and Measures Act, Chapter 212, R.S. 1927.

Ruling Body:- The Approvals Board, Standards Division.

Apparatus Approved:- Model 100-A Computing Gasoline Pump, manufactured by The Wayne Pump Company, Toronto, Ontario.

Application:- Retail gasoline trade.

Rating of Apparatus:- 15 gallons per minute.

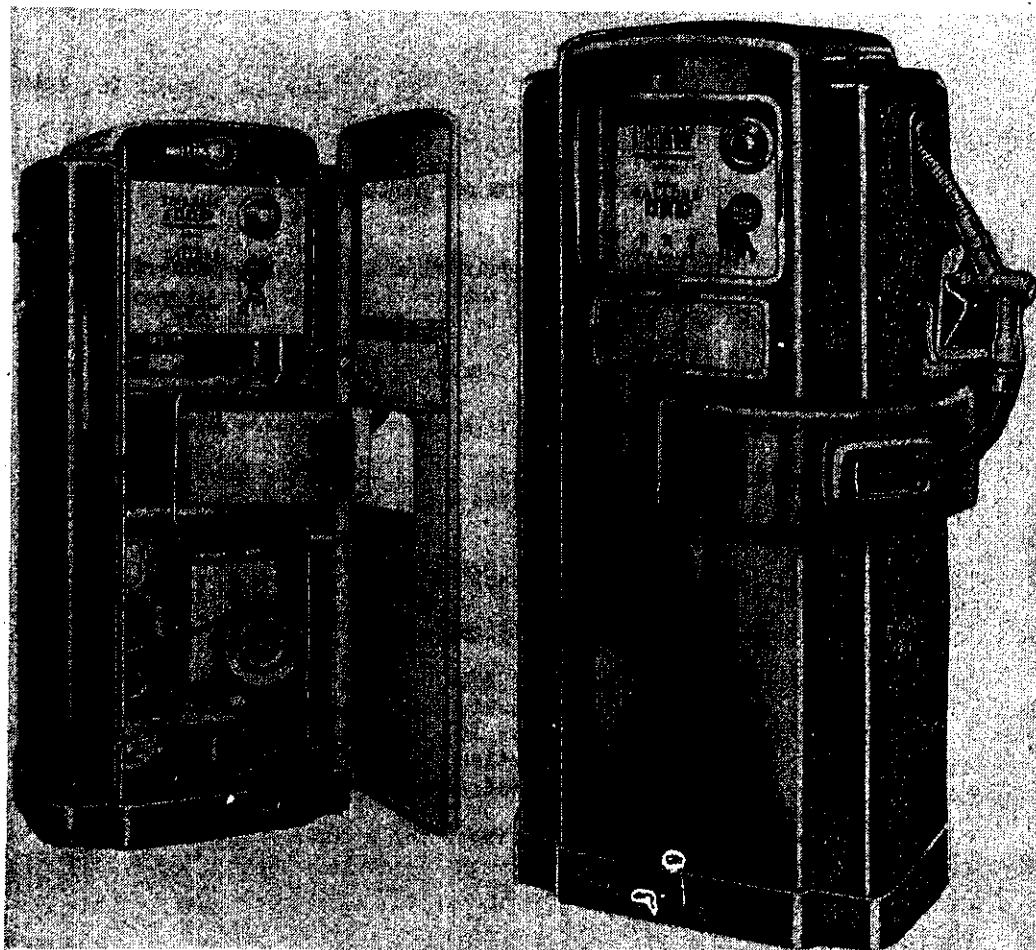

Description:- The Model 100-A gasoline pump is similar in all essential components and assembly to the Model 100-B, approved December 10, 1947, on Circular SD-WA.8, with the single exception of the hose, which is 14 feet in length and mounted on a horizontal reel.

Testing:- The standard tests for a computing gasoline pump will apply.
