STANDARDS DIVISION

OTTAWA, May 22, 1959.

APPROVAL LISTING

TOKHEIM GASOLINE DISPENSER

Under the provisions of the Weights and Measures Act, Chapter 292, R.S.C. 1952, and Regulations thereunder (P.C. 6894), the apparatus specified and illustrated herein has been listed as an approved device and may be used in Canada in accordance with the conditions applicable.

Apparatus Listed: Computing gasoline dispenser model 455-RC-WV with remote pumping unit, manufactured by Tokheim Corporation, Fort Wayne, Indiana, U.S.A.

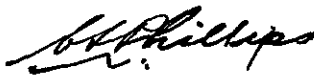

Rating: Maximum capacity 12 gallons per minute.

Application: Retail gasoline trade.

Conditions: As prescribed in P.C. 6894.

Description: This device is a computing gasoline dispenser equipped with the same major components and the same submerged remote pump as model 448 RC listed on SD-WA. 358. The components within the dispenser have been relocated to suit the shape of the modernized casing.

Testing: The standard tests for a retail gasoline dispenser shall apply.
