APPROVAL LISTING

GILBERT AND BARKER - GASOLINE DISPENSERS

Under the provisions of the Weights and Measures Act, Chapter 292, R.S.C. 1952, and Regulations thereunder (P.C. 6894), the apparatus specified herein have been listed as approved devices and may be used in Canada in accordance with the conditions applicable.

Apparatus Listed: CD 20 Unit - Display Cabinet and two meter pumps, one on each side of the lighted display cabinet. These dispensers were first known as Models M1-9 or MD-10 and later with minor changes known as CD 20.

Manufactured by Gilbert and Barker Manufacturing Company, 64 Jefferson Avenue, Toronto, Ontario.

Rating of Apparatus: 12 G. P. M.

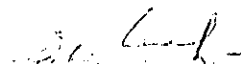

Application: Metering gasoline in retail trade.

Conditions: As prescribed in P.C. 6894.

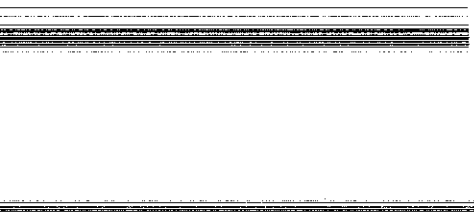

Description: This unit consists of a lighted display cabinet with a meter pump on each side operated by remote pumping units. The component parts of the dispensers are identical with those in Models 44RC listed on Approval Circular SD-WA.402.

Testing: The standard tests for a retail gasoline dispenser shall apply.
