RECORD OF APPROVAL ACTION

Approval Listing Number

S.WA-T183

(Issued in advance of preparation of Formal Approval Notice)

OTTAWA, February 13, 1981

Company: Veeder-Root of Canada Limited
26 Fieldway Road
Toronto, Ontario (M8Z 3L2)

Type of Device: Mechanical price computing register for gasoline dispensers, model VR 2002M.

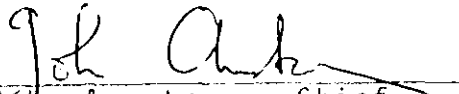

Device Description: This register differs from the 2001 register with metric gear box in that the RH wheel makes 4 transfers to the second wheel per revolution (1 revolution = 40¢) instead of 2 as previously. Also, the 4.546l to 1 speed-up required for registration in litres is now made by level gears driving only the indicating wheels, and not the cone gears.

Temporary approval until a final approval decision is made is given to use this register on dispensers as listed below:
