APPROVAL LISTING

TOKHEIM - HIGH SPEED GASOLINE DISPENSERS

Under the provisions of the Weights and Measures Act, Chapter 292, R.S.C. 1952, and Regulations thereunder (P.C. 6894), the apparatus specified and illustrated herein have been listed as an approved device and may be used in Canada in accordance with the conditions applicable.

Apparatus Listed: Computing high speed gasoline dispensers models 448 H.S.T.P., 448 H.S. and 452 H.S. manufactured by Tokheim Corporation, Fort Wayne, Indiana, U.S.A.

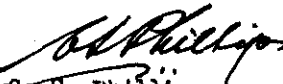

Rating of Apparatus: 25 G.P.M. maximum.

Application: Retail gasoline trade.

Conditions: As prescribed in P.C. 6894.

Description: These devices are high speed computing gasoline dispensers basically similar to models 448 and 452 except that they are equipped with twin motors, twin pumps and air separators of the same design as listed on S-WA.358. Both have computing heads but in addition model 448 H.S.T.P. is equipped with a ticket printer which is interlocked with the computing head.

Testing: The standard tests for a retail gasoline dispenser shall apply.
