APPROVAL LISTING

A. O. SMITH - GASOLINE DISPENSERS

Under the provisions of the Weights and Measures Act, Chapter 292, R.S.C. 1952, and Regulations thereunder (P.C. 6894), the apparatus specified and illustrated herein have been listed as approved devices and may be used in Canada in accordance with the conditions applicable.

Apparatus Listed: Computing gasoline dispensers; self-contained units with integral pumps and air eliminators, and also remote types for model numbers as follows:

Description	Unlighted	Lighted	Capacity G.P.M.
	Model	Model	
Suction pump, single product	U-515	L-515	10
Suction pump, single product	U-516	L-516	15
Suction pump, single product twin	U-517	L-517	12/7½
Remote pump, single product	U-511	L-511	15
Remote pump, two products	U-512	L-512	15
Remote pump, single product twin	U-513	L-513	15

Manufactured by the A.O. Smith Corporation, 1062 Wagner Avenue, Erie 6, Pennsylvania, U.S.A.

Rating of Apparatus: Maximum capacities as tabulated above.

Conditions: As prescribed in P.C. 6894.

Application: Retail Gasoline Trade.

Description: The major components are the same as those used in previously approved models listed on S.WA.412 and S.WA.308. The housing has been modernized and the arrangement of the components modified to suit the new housing. The hose connection and visigauge have been relocated from the bottom of the computer compartment to the top.
