APPROVAL LISTINGBENNETT -- NEW AND REBUILT GASOLINE DISPENSERS

Under the provisions of the Weights and Measures Act, Chapter 292, R.S.C. 1952 and Regulations thereunder (P.C. 6894), the apparatus specified and illustrated herein have been listed as approved devices and may be used in Canada in accordance with the conditions applicable.

Apparatus Listed: Computing type gasoline dispensers, with working components rebuilt from older approved models, installed in new cabinets; new model numbers as listed below:

<u>Model</u>	<u>Description</u>
R3214-02	Single product dispenser, remote pump type, remanufactured from Bennett series 900 dispensers, using reconditioned type 40 meter, model 36 computer with its interlock assembly, but with "Cam-Ac" switch control; new product valve is hydraulically operated and solenoid controlled; external light canopy.
R3314-02	Unlighted dispenser, otherwise as above.
R3214-03	Single product dispenser, remote pump type, remanufactured from Bennett series 1000 dispensers using reconditioned model 56 computer, but otherwise generally the same as model R3214-02; external light canopy.
R3314-03	Unlighted dispenser, otherwise as above.
3214	Single product dispenser, remote pump type, same housing as the model R3214-02 but internal components are new; external light canopy.
3314	Single product dispenser, remote pump type, same housing as the model R3214-02 but internal components are new, same as model 3314, except unlighted.

Manufactured by: John Wood Company Limited,  
101 Hanson Street,  
Toronto, Ontario.
