S.WA-608

OTTAWA, March 30, 1966.

APPROVED ASTRO-UNIVERSEL REBUILT GASOLINE DISPENSERS MODELS 320GB-RT AND 420W

manufactured by Astro Limited (Petroquip Limited), 60 Leslie St., Toronto 8, and their authorized agents, who are listed on S-WA.498, as follows:

<u>Model</u>	<u>Description</u>
320GB-RT	Single hose, remote type pump dispenser, using components from Gilbert and Barker remote type dispenser C1006RC.
420W	Single hose, suction type pump dispenser, using components from Wayne models 500 and 505. The same as approved model 42W except installed in a T-shaped housing.

Rating of Apparatus: Maximum capacity 12 gpm.

Application: Retail gasoline trade.

General Description: The cabinet for this dispenser is the same T-style cabinet shown in circular S-WA.526. All working components are thoroughly overhauled before installation in the new cabinet. The arrangement of the components is as in the original dispenser, except that the piping has been shortened to suit the lower housing.

Testing: The standard tests for a retail gasoline dispenser shall apply.

Reference: SL-102-676  
SW-85-P2

Note: Approval is granted under the Weights and Measures Act, Chapter 292, and Regulations thereunder (P.C. 6894) for use in Canada under the general conditions of P.C. 6894, and under any special conditions listed above.
