APPROVED

GILBARCO GASOLINE DISPENSER MODEL C262-011/111

manufactured by Gilbert and Barker Manufacturing Co. Limited, Toronto.

Apparatus Listed: A computing type gasoline dispenser, two product twin, with one remote and one suction pump, model number C262-011/111.

Rating of Apparatus: Maximum 15 gpm.

Application: Retail gasoline trade.

Description: The remote pump side of this dispenser is half of a model 262-011, and the integral pump side is one half of a model 262-111, both of which are approved on S.WA-529. The cabinet on the C262-011/111 is shorter than on the other two models because it is unlighted.

Testing: The standard tests for a gasoline dispenser shall apply.
