PETROQUIP - GASOLINE DISPENSERS

MANUFACTURER: Petroquip Limited
33 Mallard Avenue
Toronto, Ontario

DEVICES APPROVED: Computing type gasoline dispensers,
models as listed below:

| <u>Model No.</u> | <u>Description</u> | <u>Max. Flow Rate</u> | |
|----------------------|-------------------------------------|-----------------------|------------|
| | | <u>G.P.M.</u> | <u>L/M</u> |
| 501 | Remote pump, single product | 15 | 70 |
| 502 | Remote pumps, dual, two products | 15 | 70 |
| 503 | Remote pump, dual, single product | 15 | 70 |
| 505 | Suction pump, single product | 10 | 45 |
| 506 | Suction pump, single product | 15 | 70 |
| 507 | Suction pumps, dual, single product | 12/7½ | 55/35 |

The prefix "U" or the prefix "L" is used with the model number to identify unlighted or lighted models, respectively.

APPLICATION: Retail gasoline in trade.

DESCRIPTION: Except as noted below, this series of dispensers is the same as A.O. Smith model series 511 to 517 inclusive, which were previously approved under Notice No. S.WA-465, but are now manufactured under license from A.O. Smith Corporation.

The dispensers listed herein have the dispenser hose connection and the sight glass installed near the upper level of the register cabinet rather than at the lower level. Otherwise, they are identical with the A.O. Smith models listed on S.WA-465.

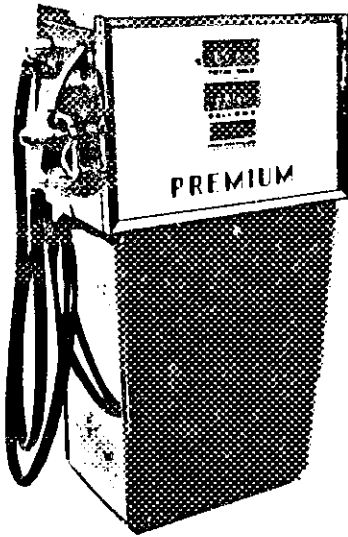

TESTING: The standard tests for a gasoline dispenser shall apply.
