TOKHEIM - BULK LIQUID METERS

MANUFACTURER: Tokheim of Canada Ltd.
5988 Ambler Drive
Mississauga, Ontario

DEVICES APPROVED: Bulk liquid meters, models as listed below:

<u>Model Number</u>	<u>Meter Size</u>	<u>Flow Range</u>	
		<u>Gal./Min.</u>	<u>Litres/Min.</u>
1450	1½"	10- 50	45-230
1450	2"	20-100	90-455
1450	3"	60-290	265-1325
1450	4"	100-500	455-2275

APPLICATION: The bulk metering in trade of petroleum products
and liquid cattle feed.

DESCRIPTION: These meters are rotary positive displacement type,
utilizing a rotor with cam-actuated sliding vanes, operating in
a measuring chamber.

The register/printer units furnished with these meters are
standard types, of Veeder-Root manufacture. A push button preset
flow control and valve with repeat capability are optional features.

All meters size 2-inch and smaller shall be equipped with factory-
installed air eliminator/strainer units, except that the air
release may be removed on meters for liquid cattle feed.

SPECIAL CONDITIONS: Meters for liquid cattle feed that are
installed on vehicle tanks shall be protected against the passage
of air by an approved automatic system designed for that purpose.
Meters at truck loading racks and similar installations shall
comply with Ministerial Specification SVM-1.

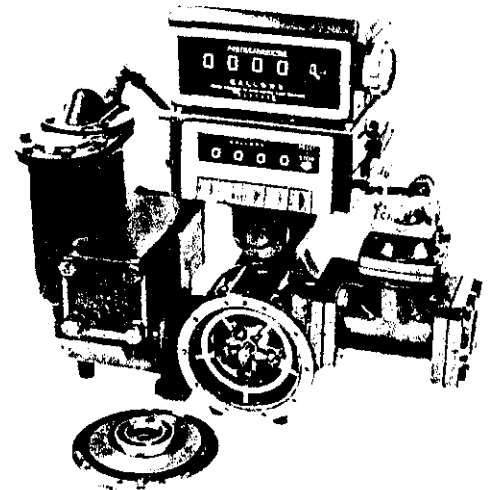

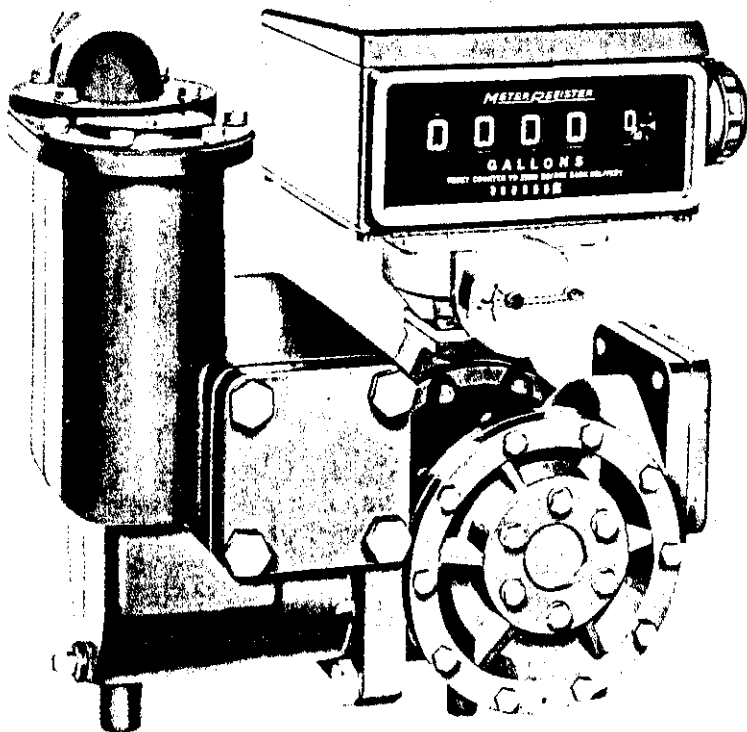

TESTING: The standard tests for bulk liquid meters shall apply.
