OPTIONS

<u>Form No.</u>	<u>Model</u>	<u>Description</u>
	7856	Preset Switch Assembly - explosive switch is available with electrically operated valve
404001-068 (Comma Bar)		Marker and Comma Bars for Meter Register Printers Markers and decimal indicating comma bars assemble into Zero Start Printers, 788800-002, and Accumulative Printers, 788801-002, to meet EEC and OIML directives.
402371 (Marker Bar)		
	7889	Non-repeating predetermining counter that is driven by, and normally mounted on a flow meter. It can be used alone or in combination with other Veeder-Root equipment listed above.

Special Conditions: On registers indicating in tenths of a gallon and which use a whole digit instead of the customary fractional decimal (1/10, 2/10, ... 9/10) the RH wheel shall be graduated to hundredths of a gallon, to facilitate conversion to metric, and there shall be a decimal mark of suitable size and legibility at the left of the RH wheel. If field experience indicates the need, a coloured snap-in vertical or horizontal bar may be required on the window of the R.H. wheel to differentiate it from the others.
