**Re: Notification to Consolidate Notice of Approval S.WA-2056 Rev. 8 With  
Notice of Approval S.WA-1197 Rev. 6.**

Dear Jim;

Effective on the date on which Notice of Approval S.WA - 1197 Rev. 6 is issued, the model Micon - 100 IP approved under Notice of Approval S.WA - 2056 Rev. 8 will continue to be approved under Notice of Approval S.WA - 1197 Rev. 6 and any subsequent revisions to this document. All recipients of these Notices of Approval are being informed by copy of this letter. Please attach this letter to both Notices of Approval, S.WA - 1197 Rev. 6 and S.WA - 2056 Rev. 8.

This consolidation is being done to reduce the costs of any future Notice of Approval revisions pertaining to this and the other models of the device.

Yours truly,
