Attn.: Mr. A.L. Gonder

Dear Sir:

This is in response to your recent notification given in accordance with the Weights and Measures Regulations, Section 14, regarding devices approved under Notice of Approval S.WA-2067 Rev. 1. It is noted that these devices are to be modified as follows:

- The installation of a dye injector down stream of the meter;
- The modification of the piping down stream of the meter to allow the delivery of either dye or clear product.

I am advised by the Volume Metrology Laboratory that their evaluation of the proposed modifications indicates that they may be regarded as immaterial in relation to the approval provisions of the Act. Accordingly, your notification is acknowledged and the modifications are accepted as being included within the above-noted approval. All recipients of the approval notice are being informed by copy of this letter.

Yours truly,

W.R. Virtue, Chief
Legal Metrology Laboratories
